

**PUBLIC NOTICE**

The Ohio Department of Agriculture will hold a public hearing for the purpose of accepting testimony on the new, transferred rules housed in chapters 901:13-1, 13-2, and 13-3 of the Ohio Administrative Code.

Amended Substitute House Bill No. 64 of the 131st General Assembly became effective on June 30, 2015. A highlight of the bill was the transfer of the Agricultural Soil and Water Conservation Program from Ohio Department of Natural Resources (ODNR) to the Ohio Department of Agriculture (ODA). This transfer occurred on January 1, 2016.

Uncodified section 709.20 of H.B. 64 outlines that ODA and ODNR are to enter into a memorandum of understanding regarding the transfer of the program. Specifically, the agreement is to identify which administrative rules are to be transferred from ODNR to ODA. The section continues to require ODA to adopt these transferred rules through the requirements of Chapter 119 of the Revised Code.

As you are well aware, Chapter 119 of the Revised Code requires the Department to examine any adverse business impacts of the proposed rules and file a business impact analysis with your office. While the rules which are proposed to be transferred ODNR to ODA do have a business impact, section 709.20(C) of H.B. 64 states:

“The Director of Agriculture shall adopt rules . . . that are identical to the rules that are identified in the memorandum of understanding signed under this section except that references to the Division of Soil and Water Resources in the Department of Natural Resources shall be replaced with references to the Department of Agriculture, and references to the Chief of the Division of Soil and Water Resources in the Department of Natural Resources shall be replaced with references to the Director of Agriculture.”

The rules listed below have been transferred and amended pursuant to HB 64. More specifically, the rules which have been transferred are as follows:
