The Peanut Shop of Williamsburg Voluntary Recalls Pistachios Associated with Setton International Foods, Inc. Recall Because of Possible Health Risk

The Peanut Shop of Williamsburg is voluntarily recalling certain pistachio products because they may have the potential to be contaminated with *Salmonella*.

The Peanut Shop of Williamsburg has initiated this voluntary recall as part of the expanded Setton International Foods, Inc.

Salmonella can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e. infected aneurysms), endocarditis and arthritis.
