The above products were produced on September 27, 2011 with Best By dates of October 14, 2011. These salad products were distributed in Iowa, Ohio, and Pennsylvania and sold in retail supermarkets.

No other products or code dates are affected by this recall.

There have been no reported illnesses attributed to the recalled items.

Listeria monocytogenes is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

Consumers who have purchased these products are urged not to consume the products and return it to the place of purchase for a full refund. Consumers may contact the company at their 24-hour customer service center at 1-800-762-7708. Consumers with concerns about an illness from consumption of this product should contact a health care provider.
