The following product is subject to recall:

The establishment number "P13456" and the use by date "Aug 07 2013" or "Aug 08 2013" are inkjetted on the cases. Identifying case codes "2202PBF0208:xx" through "2202PBF0223:xx" or "2212PBF0200:xx" through "2212PBF0223:xx," where the last four digits represent hours and minutes ("xx") in military time, also can be found inkjetted on cases subject to recall.

The products were produced on Aug. 7 and Aug. 8, 2012, and were distributed to retail stores nationwide. When available, the retail distribution list(s) will be posted on FSIS' website at [www.fsis.usda.gov/FSIS\\_Recalls/Open\\_Federal\\_Cases/index.asp](http://www.fsis.usda.gov/FSIS_Recalls/Open_Federal_Cases/index.asp).

Tyson Foods was alerted to the problem through consumer complaints. FSIS and the company have not received reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers.
