RE: Recall Announcement (ODA/ODH) 2015-85

### Stella & Chewy's Voluntarily Recalls Products Due to Possible Health Risk

July 5, 2015 — Milwaukee, Wis. — Stella & Chewy's is voluntarily recalling some of its products due to concerns of a possible presence of *Listeria Monocytogenes*. The recall was prompted by a positive test confirming *Listeria monocytogenes* in Chewy's Chicken Freeze-Dried Dinner Patties for Dogs, 15 ounce, Lot #111-15, during routine surveillance testing by the Maryland Department of Agriculture. There have been no reported pet or human illnesses associated with this recall.

*Listeria* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women. As a precautionary measure, Stella & Chewy's is voluntarily recalling all products nationwide from Lot # 111-15 which includes:

Product Description	Size	UPC	Lot #	Use By
