RE: Recall Announcement (ODA/ODH) 2016-86

Michael's® Naturopathic Programs Issues Allergy Alert on Undeclared Milk and Soy in The Dietary Supplement Cholesterol Metabolism Factors™

June 23, 2016 - **Michael's® Naturopathic Programs of San Antonio Texas** is recalling **certain lots of the dietary supplement Cholesterol Metabolism Factors™**, because it may contain undeclared **milk (in the form of calcium caseinate) and soy**. People who have an allergy or severe sensitivity to **milk and soy** run the risk of serious or life-threatening allergic reaction if they consume these products.

Cholesterol Metabolism Factors™ was distributed nationwide **in the US** through retail stores and online (internet) ordering.

The product is sold in white plastic bottles with the Michael's® Naturopathic Programs brand label. Three sizes of this product are affected by the recall, 90 count, 180 count and 270 count. The following lot numbers and BEST BY dates are included in the recall. The Lot number and BEST BY date are located on the bottom of the bottle or on the back side of the bottle:

<u>LOT #</u>	<u>BEST BY DATES</u>
1307013	6/2016
1310060	10/2016
1402177	3/2017
1405356	6/2017
1408114	8/2017
1410186	11/2017

<u>LOT #</u>	<u>BEST BY DATES</u>
1501476	2/2018
1505367	6/2018
1510296	11/2018
1602062	3/2019
<u>upc # affected</u>	
755929010752	
755929010769	
755929010776	

No illnesses have been reported to date.

The recall was initiated when updated allergen information received from the contract manufacturer included the allergens milk and soy contained in one ingredient in Cholesterol Metabolism Factors™. The label on the affected lots did not reveal the presence of milk and soy.

If you have purchased this product, stop taking it immediately and return it to the place where purchased for a full refund.

Consumers with questions may contact the company Monday through Friday, 8:30 to 5:30 Central time, at 1-800-525 9643 where they can get additional information.
