RE: Recall Announcement (ODA/ODH) 2016-68

Conagra Foods Packaged Foods, LLC Recalls Two Beef Products Due To Misbranding and an Undeclared Allergen

WASHINGTON, May 19, 2016 – ConAgra Foods Packaged Foods, LLC, a Council Bluffs, Iowa establishment, is recalling approximately 84,340 pounds of two beef products due to misbranding and an undeclared allergen, the U.S. Department of Agriculture’s Food Safety and Inspection Service (FSIS) announced today. The products were inadvertently formulated with Worcestershire sauce and may contain fish (anchovies), a known allergen that is not declared on the product label.

The frozen beef items were produced between April 13 and April 14, 2016. The following products are subject to recall:

- 14-oz. box of “Marie Callender’s Salisbury Steak with Roasted Potatoes and Home-Style Gravy served with Cheesy Broccoli & Cauliflower” with package code of 5014610500 and packaging date of April 14, 2016.
- 76-oz. package of “Molly’s Kitchen Macaroni & Beef with Tomato Sauce” with package code of 5014610400 and packaging date of April 13, 2016.

The products subject to recall bear establishment number “EST. 1058” inside the USDA mark of inspection. The Marie Callender’s item was shipped to retail distribution centers nationwide and the Molly’s Kitchen item was shipped to an institutional customer nationwide.

The problem was discovered when the establishment became aware of an error associated with a shipment of Worcestershire sauce. The Worcestershire sauce was miscoded as Rochester sauce and the establishment subsequently used the miscoded sauce in the recalled products.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify recalling firms notify their customers of the recall and that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at www.fsis.usda.gov/recalls.

Consumers with questions about the recall can contact the Consumer Affairs hotline at (800) 921-7404. Media with questions about the recall can contact Kristine Mulford, Manager of Communications, at (630) 857-1420.
